I am writing to file my Proof of Interest in the case of Lehman Brothers Holdings Inc., 08-13555, U.S. Bankruptcy Court, Southern District of New York (Manhattan) and request that you appoint an Official Equity Committee to represent and protect the rights of the equity owners of Lehman Brothers Inc. Equity owners of Lehman include Common Shares and Traditional Preferred Shares. These two are the only unrepresented classes.

As a shareholder from before the bankruptcy filing I have followed this case on a daily basis. For the most part I've found the efforts of Alvarez and Marsal (A&M) to be commendable. I do however have significant reservations regarding the recently filed Chapter 11 Plan. Specifically, I find the lack of transparency regarding Equity Ownership of Lehman to be disturbing. At the time of filing, Lehman Brothers Holdings Inc. listed assets of \$639B and total debts of \$613B. I believe we are owed accurate accounting of where 'our' equity went and proper consideration in any plan of reorganization.

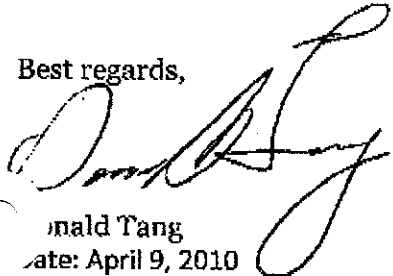

My primary concern is that the equity owners have no courtroom representation. After doing significant research I have found numerous recent examples (Chemtura, Tronox, Washington Mutual, General Growth Properties, Visteon, Mirant, Citadel, etc) where powerful creditors have attempted to unduly silence and prematurely wipeout equity interests. I am aware of the complexities of the case and I do not wish to further burden the court with unnecessary requests. However, I feel that the facts of the case merit consideration. Much of the argument presented by A&M has been based on 'give us more time and we can get more for the estate.' While only a paraphrase I believe that the substance of their plan is properly conveyed. This plan is fundamentally flawed from an equity standpoint. If creditors are willing to wait to have the value of the estate maximized, why not equity too? Given ongoing litigation with Barclays and JP Morgan Chase, the tax advantages of the Net Operating Loss, receivables due from affiliates, non-bankrupt debtor entities, continued unwinding of derivatives (and your ruling on Metavante and Dante SPV), appreciating assets and generally improving macro-economic conditions, its no wonder that creditors are willing to wait. Factor in the fact that LAMCO is being designed as a 'for-profit' entity and I'd be willing to wait too.

Your Honor, it is all these reasons and probably the hundred I didn't list that I urge you to appoint equity representation before any plan of reorganization is finalized.

Dear judge James M. Peck

I am writing to file my Proof of Interest in the case of Lehman Brothers Holdings Inc., 08-13555, U.S. Bankruptcy Court, Southern District of New York (Manhattan) and request that you appoint an Official Equity Committee to represent and protect the rights of the equity owners of Lehman Brothers Inc. Shareholders have suffered astonishing losses, and I feel it is necessary to take any legal steps possible, as provided for by law, to protect our interests.

Your Honor, I do realize how intensive and complex this case is, but with the plan of reorganization so closed to be finalized, I am very concerned that equity owners including Traditional Preferred Shares and Common Shares have no courtroom representation.

One of the proposed reorganization plans was to establish a new company LAMCO, to continue managing Lehman's long-term assets outside of the bankruptcy process. Even though the plan would require support from creditors and Your Honor's approval it was suggested to give equity holders warrants in this newly reorganized company.

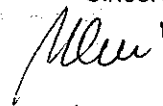

Although such warrants may not gain value for several years, it would at least give equity holders the chance of capturing value down the line after the real-estate market revives. With appreciating assets, continued unwinding of derivatives, improving economy, if creditors are willing to wait to have the value of the estate maximized, as an equity holder I'd be willing to wait too.

Your Honor, this is one of the reasons besides many others that I urge you to appoint equity representation before the reorganization plan is finalized. As an equity holder I am asking to be officially recognized among Lehman creditors.

I own the following Lehman Traditional Preferred Shares LEHFQ – 50,000 shares

Thank you.

Sincerely,

Dear Mr. James W. Gidden

I, Xianhua Xu, as an owner of 14,650 shares of Lehman Brothers Holdings Preferred Series "L", and 554,000 shares Lehman Brothers Holdings Preferred Series "J", respectfully request that you appoint an Official Equity Committee in the Lehman Brothers Holding Inc. Bankruptcy Case( 08-13555 ).

Shareholders have suffered egregious losses, and I feel it is necessary to take any legal steps possible, as provided for by law, to protect our interests. Especially when the debtor stated in its recent court filing that "the chapter 11 cases are of an unprecedented size and complexity", and "there is simply too much uncertainty and complexity to know for sure what the Debtor's Plan will look like".

Furthermore, the myriad upcoming events could materially impact Lehman's balance sheet in a positive way. Specifically, we are awaiting the release of the Examiners report which could enhance our ability to recover assets from JPM, Barclays, and the Fed. Claims are being rigorously contested which could result in a significant reduction in listed Liabilities (approximately 1/3 of the largest claims are duplicate), derivatives contracts are being wound down with specific rulings in the case of Metavante and Dante SPV setting precedent, and since the filing in September 2008 the market for Lehman's assets have greatly improved. All of these factors combined could result in a tremendous upside surprise resulting in potential emergence from bankruptcy. The only way to ensure that holders of Common shares and Preferred Shares get a fair shake is to petition the Court for an Equity Committee.

Sincerely,

 03/10/10
